ELYSIA CONVENTION

Back in ancient times, poets like Homer, Pindar and Hesiod described the Elysian Fields in their texts as an idyllic, beautiful and peaceful place where the souls of the fortunate arrived and had the opportunity to enjoy and feel the absolute euphoria. It was a divine place "with blooming meadows, where there was eternal spring, and sources of Lethe gushing nectar". According to mythology it was there, that Menelaus and Beautiful Helen, kings and several heroes were exercising and playing music while dancing under the shade of big beautiful trees.

Amorgos is an island blessed with natural beauty and magnificent scenery, in a way being the Elysian island of today. Its purity of biodiversity and variety of therapeutic herbs make it the ideal combination for a spiritual and physical uplift. Its strong magnetic field as well as the revitalizing energy cannot be overlooked.

It is no wonder, then, why Amorgos has become one of the finest Yoga Retreats in Europe.

Elysia Convention, whose name refers to these heavenly places, was launched by Aegialis Hotel & Spa with the idea of gathering the Yoga Community on the island, with the purpose of demonstrating innovative ways to adopt and integrate a healthier lifestyle for mental and physical well being.

Honorary Yoga teachers from all over the world are the presenters of this exciting opportunity of exchanging knowledge, with the contribution of professionals from different areas of the Wellness field (nutritionists, life-coaches, therapists).

Each year, the selected discussion topics are intended to encourage the emergence of new ideas, that might inspire the participants to make an impact in their home country. The mission of Elysia is a contiguous sharing of new ideas and practices in a dynamic learning environment of spiritual transformation and transition in nature.

THE YPERIA CONVENTION FOR CULTURE AND TOURISM

The International YPERIA Convention for Culture and Tourism is an annual event which foresees the participation of journalists, photographers, film producers, and tourism professionals from different countries, all gathered with the goal of promoting an active cultural exchange.

The initiative was launched in 2003, organized by Aegialis Hotel & Spa, with the initial aim to inform the world about the forthcoming Olympic Games in Athens in 2004. The event was also an opportunity to honour the French producer Luc Besson, who, with his successful film "The Big Blue", partly filmed in Amorgos, had made the island known worldwide, generating great benefit.

Since 2009, during the works for the YPERIA International Convention on Culture and Tourism, the Hotel, in cooperation with the Cultural Association of Amorgos, also organizes the annual International Short Tourism Film Festival.

The Festival, which features screenings over 4 days, represents an international platform with a view to encouraging global tourism through audio-visual media. It aims to contribute to the development of domestic (particularly on Amorgos and the Cyclades islands) and foreign tourism and to popularise and encourage the implementation of green practices in tourism driven by the need for social responsibility and sustainable development.

Every year, the best films, documentaries and activities that contribute to the development of domestic and foreign tourism and the implementation of green practices, are nominated for an award.

WEDDINGS

Our personnel are carefully chosen to combine professionalism with a fine personality, in order to cover the demands of our clients in the best possible way.

The island of Amorgos is the perfect setting for weddings or special celebrations. Weddings can be arranged at one of the local churches and chapels, on the beach or in the mountains.

After exchanging vows, enjoy a bounty of delightful treats prepared from fresh produce and local food in a variety of special Greek dishes and toast your guests with homemade wine from the vineyards of Amorgos.

Dance the night away accompanied by local musicians on the violin and bouzouki whilst enjoying the stunning views around the hotel pool and terraces.

Alternatively, you may choose the higher ground of the surrounding mountains, amongst the small fields and olive trees, beside one of the small chapels. Arrive by donkey and then make your way to a nearby village to celebrate in the traditional way with long hours of merry-making.

In addition to Amorgos, we also organize weddings on other islands such as Patmos or Santorini, as well as mainland Greece. With so many incredible locations to choose from, it would be our pleasure to help you to create your dream wedding.
